WHOLESALE DAHLIA PRICE LIST

Non-Warrant: I endeavor to send out the best quality only, true to name, but I cannot guarantee results. If customers do not accept goods on the above conditions, they can be returned to me within 3 days.

Owing to the many thousands of so-called Dahlias being offered each season, I feel that much interest has been lost by the Dahlia hobbyist. Frequently these new sorts become prize-winners for a season or two, followed by a severe setback in which the plant could no longer be grown. In this way the buyer was not only out of a good sum on the purchase but his hopes shattered for future stock. The list here offered are good, sound, reliable varieties and can be depended upon season after season.

Terms used: *—means best cut flower sorts; C—Cactus; D—Decorative; S—Show.

Three at the rate of ten; 25 at 100 rate. In thousand lots deduct 20% off hundred prices.

No order considered wholesale under \$2.00.
